

## Welcome To The Next Version Of You

Careers like software require updates to keep them fresh. Just as with software, Version 1.0, while it works, is just the beginning. There comes a time when even the current version requires an update, when it is time for a pivot.

YOU PIVOT™ is a three-part program that guides you through your next pivot, helping you discover answers and move toward action – seamlessly and effectively. Below is a sampling of the essential questions you will contemplate in the program.

### What Is Your Today Story?

- When and where did you begin?
- Where are you in your life journey?
- How many career versions are left?

### What Matters To You?

- How does today compare to what matters?
- What has worked so far in your career?
- What has not worked?

### What Is Your Tomorrow Story?

- Write the next chapter of your life.
- What endings are necessary to achieve your tomorrow story?
- What will you do to create the story you wrote?

*When you are ready to create your tomorrow story and you want to cut your time to action to six months or less, there is no better time than now to **contact me**.*
